MARUBENI-ITOCHU TUBULARS OCEANIA PTY LTD

ENVIRONMENTAL POLICY STATEMENT

Marubeni-Itochu Tubulars Oceania Pty Ltd (MITO) is an Australian registered company established to market the supply and manage stocks of steel tubular goods for the Oil and Gas industry in Australia, New Zealand and Papua New Guinea.

MITO is committed to protecting the environment.

MITO strives to achieve sound environmental performance by controlling the impact of our activities, products and services on the environment.

This will be achieved by:

- Implementing an Environmental Management System that is appropriate to the operations and activities of the company.
- Supporting a culture which promotes the environment as an integral part of the way MITO conducts business.
- Providing necessary resources, information, instructions, training and supervision appropriate to our operations to our employees, subcontractors and visitors to enable them to perform their duties and activities without impacting the environment in a negative manner.
- Ensuring that our activities adhere to the regulations of the Environmental Protection Act by reducing and preventing; harmful emissions into the air or water, poor waste management, contamination of land, unsustainable use of raw and natural resources and other local environmental and community issues.
- Ensuring our suppliers understand and uphold our commitment to the environment.
- Establishing clear targets and objectives to mitigate environmental impact.
- Reviewing and evaluating the effectiveness of our commitment to the environment and continuously improving environmental performance.
- Monitor and measure on a regular basis the key operations of our business activities that could have an impact on the environment.
- Actively respond to all environmental incidents and near misses, ensuring suitable corrective and preventive actions are taken.

The Quality Policy and Health & Safety Policy Statement are to be read in conjunction with this policy and are part of the planned approach MITO has towards our commitment to QHSE.
